Dear Applicant:

We are currently processing your above-referenced application. A search of the FCC tower registration database reveals that discrepancies exist between the data listed for the antenna tower structure referenced in your application and the FCC's tower registration database. Specifically, the site elevation above mean sea level and the overall height above ground do not match that of the FCC tower registration database.

You are required to electronically amend your application to resolve these specified problems within (30) days of the date of this letter. If not so amended electronically, your application will be **CONSIDERED INCOMPLETE AND SUBSEQUENTLY DISMISSED**.

Sincerely

Hossein Hashemzadeh
