In re: W286AQ, Northport, AL
BPFT-20120627ABS
Facility ID # 150242

Dear Applicant:

This refers to: (1) the above-captioned application for W286AQ, Northport, Alabama.

An engineering study has revealed the application violates 47 C.F.R. § 74.1204(a) with respect to an authorized granted construction permit for a new FM station¹ serving Rockford, Alabama. Section 74.1204(a) states that an application for a FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. The proposed 40 dBu interference contour overlaps with the 60 dBu protected contour of the new FM station. This violation was not addressed.

In light of the above, the application BPFT-20120627ABS filed by William Neeck is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

for

James D. Bradshaw
Deputy Chief
Audio Division
Media Bureau

¹ BNPH-20120524AIV, Rockford, AL, was granted on June 29, 2012.
