Re: WNCT(AM), Greenville, North Carolina
Facility Identification Number: 57841
WNCT License Limited Partnership
Special Temporary Authorization

Dear Counsel:

This is in reference to the request filed August 14, 2012, on behalf of WNCT License Limited Partnership ("WLL"). WLL requests extension of the special temporary authority ("STA") granted on May 24, 2012, to operate Station WNCT during daytime hours with reduced power.¹ In support of the request, WLL states that extension of the STA is necessary to accommodate repairs to the station's transmitter.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has made progress toward restoration of licensed operation, but additional time is required for completing the work. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station WNCT may continue to operate with reduced power. It will be necessary to further reduce power or cease

¹ WNCT is licensed to Greenville, North Carolina, for operation on 1070 kHz with 50 kilowatts daytime and 10 kilowatts nighttime, employing different directional antenna patterns day and night (DA-2-U).

operation if complaints of interference are received. WLL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **November 28, 2012**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Charles N. Miller". The signature is fluid and cursive, with a long horizontal stroke at the end.
