Dear Applicant:

This refers to your attorney's letter dated August 28, 2012, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that due to technical problems, the station is currently operating at reduced power of less than 50% of its authorized power. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the repairs and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until March 1, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

Kevin R. Harding
