Subject: Cancellation Notice, K12KP

Dear Hossein,

I am writing to request cancellation of LPTV translator station, Call Sign K12KP. The station has not operated in the last three years and I thought it had been removed from the database. In fact, last year there was no red light designation on my account when I paid my yearly regulatory fees, this year a red light association to this station reappeared. I will contact the Red Light Display System Help Line to inform them that this station needs to be removed.

Sincerely,

Christopher Blair
