Re: The Board of Trustees of the University of  
Illinois  
WILL(AM), Urbana, Illinois  
Facility Identification Number: 68941  
File Number: BZ-20120719ADN

Dear Ms. Stotler:

This is in reference to the above-captioned application for direct measurement of power.

A preliminary engineering study of the application indicates that the coordinates (40°04'53"; 88°14'18") must be corrected to 40° 04'51"; 88°14'10", and that a minor change application (FCC Form 301) must be filed to obtain approval for the coordinates correction pursuant to Section 73.1690(b)(2).

In addition, the authorized inverse fields were incorrectly specified as seen in the following table:

Azimuth (°)	Inverse Distance Fields as in Application (mV/m at 1 km)	Authorized Inverse Distance Fields (mV/m at 1 km)
23.5	754.69	770.9
41	671.15	663.1
107	584.18	583.8
261	95.28	94.6

Further action on the subject application will be withheld for thirty (30) days from the date of this letter in order to provide the Board of Trustees of the University of Illinois an opportunity to file a curative amendment. Failure to respond or file an amendment within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

Sincerely,

Son Nguyen  
Supervisory Engineer  
Audio Division  
Media Bureau
