Re: TTI, Inc.
WMHZ(AM), Holt, Alabama
Facility ID Number: 161136
Construction Permit: BNP-20080307ACZ
as modified by BMP-20111213ACN
License Application: BL-20121025ADE
Program Test Authority ("PTA")

Dear Mr. Johnson:

This is in reference to the above-captioned license application that was filed on behalf of TTI, Inc. to cover Construction Permit BMP-20111213ACN, and your request for PTA for station WMHZ (AM).

Authority is hereby granted WMHZ (AM) to conduct program tests in accordance with Section 73.1620 of the Commission's rules and construction permit BMP-20111213ACN to operate on 1340 kHz with a daytime and nighttime nominal power of 1.0 kilowatt. The authorized daytime and nighttime antenna input power is also 1 kilowatt and the antenna input current is 4.47 amperes.

TTI, Inc. must amend the application to specify the distance to the fence that was built around the tower in order to comply with Condition # 6. Since WMHZ (AM) uses a non-standard elevated ground system, we will require measurements to show radiation from the elevated ground system is in compliance with the levels set forth in OET Bulletin No. 65, Edition 97-01, August 1997, or for TTI, Inc. construct a fence with warning signs describing the nature of the hazard around the ground system to prevent casual or inadvertent access.

Further action on the license application will be withheld for thirty (30) days from the date of this letter in order to provide an opportunity for TTI, Inc. to file a curative amendment. Failure

to respond or file an amendment within this time will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

This authority expires on **February 7, 2013**.

Sincerely,

Son Nguyen
Supervisory Engineer
