Bob:

International Bureau has no objection to authorization of the applications listed below. Given their distance from the border, they are fully-spaced under terms of the DTV MOU to any Mexico channels.

Best Regards,  
James

Subject: Mexican Coordination Status

Dear Mr McLuckie,

Our client has four LPTV applications that seem to be 'stuck' in the FCC process due to Mexico issues. However, all four are located at the same site, which is more than 273 km from the border with Mexico. The four are:

K23FV, Kingman, AZ, BMPDTT-20111025AAK  
K41FT, Kingman, AZ, BMPDTT-20120308AAV  
K44DK, Kingman, AZ, BMPDTT-20111025ACR  
K48AY, Kingman, AZ, BMPDTT-20111221AFE

Could you see where these stand in the process and whether Mexico might have come through on these?

Best wishes,

-Bob
