Re: WGRS (FM), Guilford, CT
Facility Identification Number: 43527
Special Temporary Authority
BSTA-20121210ACT

Dear Counsel:

This is in reference to your request filed December 10, 2012, on behalf of the Town of Monroe, Connecticut. You ask for special temporary authority ("STA") to operate WGRS with the facilities specified in minor change construction permit application BMPED-20121212AAN, but at reduced power, while the application is being processed.

Given the circumstances detailed in the STA request, we determined that the best course of action for all parties was to process the minor change application expeditiously. The application has been found acceptable and is granted this date. Since that action will permit WGRS to start program test operations at the full authorized 2.80 kW upon completion of construction, we see no basis for granting reduced power operation via STA. Consequently, this STA request IS DISMISSED.

Sincerely,

Dale Bickel
