Facility ID No. 174451
File No. BMPED-20121116AKL

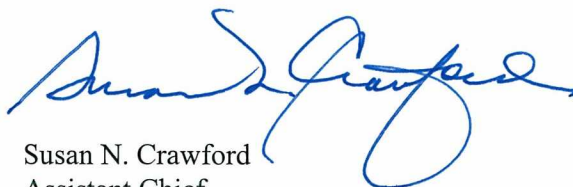

Dear Counsel:

This letter concerns the referenced construction permit modification application for the new channel 217A, non-commercial educational FM station at Palacios, Texas, authorized by Construction Permit BNPED-20071018ABU.

An engineering study of the application reveals that the proposal violates 47 C.F.R. § 73.515. Specifically, the proposed facilities fail to provide 60 dBu signal strength to at least 50 percent of the population or area within the community of license, Palacios, Texas. This constitutes an acceptance defect.

In light of the above, Application BMPED-20121116AKL is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and is HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,
