Seattle, WA
Fac Id: 21656

Dear Applicant:

This refers to your attorney's letter dated January 11, 2013, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that the station has been operating at approximately 50% of Authorized power since December 24, 2012 due to irreparable damage to the reject load of the transmitter's combining system. In order to make space for the installation of a new replacement transmitter, the station is partially removing the existing transmitter. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the repairs and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until July 14, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".

Kevin R. Harding
