Re: WBAW-FM, Barnwell, SC
Bullie Broadcasting Corporation
Facility Identification Number: 54879
Special Temporary Authority
BSTA-20130104AAI

Dear Counsel:

This is in reference to the request filed January 4, 2013 on behalf of Bullie Broadcasting Corporation ("Bullie"). Previous "silent" STA requests filed by Bullie requested (and were granted) authority to keep WBAW-FM off the air while the licensee completed implementation of construction permit BPH-20081104ABL at Pembroke, GA. The period of silence lasted from January 19, 2012 until January 4, 2013. On this later date, WBAW-FM resumed operation at 500 watts ERP. The current STA request requests authority to continue operating at 500 watts for a period of 180 days.

Construction permit BPH-20081104ABL expires on April 16, 2013, by which time the station construction must be completed and a license application filed. Consequently, we see no justification to extend this STA for reduced power operation beyond the expiration date of the construction permit. Therefore, STA is granted for a period of 90 days.

Until April 17, 2013, WBAW-FM may continue to operate the facilities licensed in license BLH-19911211KF at the reduced power of 500 watts. Bullie must notify the Commission when program test operations pursuant to construction permit BPH-20081104ABL commence, and operations pursuant to this STA must cease when WBAW-FM starts program tests. Bullie must also notify the Commission if STA operations cease for any reason. Bullie must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **April 17, 2013**. Extensions of this authority are not contemplated.

Sincerely,

Dale Bickel
Senior Engineer
