Facility Id No.: 186438

Channel 49, Plankinton, SD.  
File no.: BNPDTL-20100510AJG  
Facility Id No.: 186439

Dear Applicant:

Within 30 days from the date of this letter, file an amendment to resolve the deficiency that was discovered during the initial review of your four applications. Amendments must be filed electronically. Failure to amend your application will result in the dismissal of the applications.

Specifically, all four of the applications as referenced above propose a tower height increase of 1.2 meters.

The Overall Tower Height Above Ground Level of the four proposed construction permits is 96 meters; and the antenna registration search results of ASRN number 1248560 as indicated in the all four of the above referenced construction permits show the Overall Tower Height Above Ground Level is 94.8 meters which equals a proposed tower height increase of 1.2 meters which will require notification and new tower registration with the FAA.

Sincerely

Hossein Hashemzadeh  
Deputy Chief  
Video Division  
Media Bureau
