Re: Capstar TX LLC  
WBIZ(AM), Eau Claire, WI  
Facility Identification Number: 2107  
File Number: BP-20120713ABN

Dear Applicant:

This letter refers to the above-captioned application for a minor modification of station WBIZ(AM), Eau Claire, Wisconsin, to replace the existing tower.

A preliminary engineering review of the application reveals that the proposed nighttime operation would increase overlaps with co-channel station KMNV(AM), Saint Paul, Minnesota, and first-adjacent channel station WIZM(AM), La Crosse, Wisconsin, when using as 1 kilowatt daytime operation, in violation of Section 73.73 of the Commission's rules. It is noted that pursuant to Section 73.182(a), the nighttime protection on local channel is based on the daytime protection.

Accordingly, further action on the subject application will be withheld for a period of thirty (30) days from the date of this letter to provide you an opportunity to submit an amendment. Failure to amend or respond within this time period will result in the dismissal of the application pursuant to Section 73.3568. Please note that any amendment must be submitted in the same manner as the original application.

Sincerely,

Son Nguyen  
Supervisory Engineer
