Re: South Texas Broadcasting, Inc.
KLUP (AM), Terrell Hills, Texas
Facility ID Number: 34975
File Number: BP-20121018AAO

Dear Mr. Riley:

This is in reference to the above-captioned minor change application to correct the antenna site coordinates of radio station KLUP (AM).

A preliminary engineering study of the application reveals that the latitude of the center of array coordinates in ASRN 1051210 and 1051211 must be corrected to 29° 31' 08" (NAD83) in order to agree with the corrected latitude (NAD27) in the application.

Further action on the subject application will be withheld for thirty (30) days from the date of this letter in order to provide South Texas Broadcasting, Inc. an opportunity to provide an opportunity to file a curative electronic amendment. Any curative amendment must be a minor change with respect to the previously filed technical submission. Failure to respond or file an amendment within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

Sincerely,

Son Nguyen
Supervisory Engineer
