In re: KLSU(FM), Baton Rouge, LA
Facility ID No.: 38604
Louisiana State University
BPED-20130225ACA

Dear Applicant:

The staff has under consideration the above-captioned minor change non-commercial educational construction permit application filed to modify the broadcast facilities of KLSU(FM).

An engineering review of the application reveals that it is in violation of 47 C.F.R. Section 73.509 with respect to the first adjacent Class A license (BLED-20110413AAD) of FM Station, WJVI(FM), Wilson, LA. Specifically, the application's proposed interfering contour (54 dBu) would cause prohibited overlap to the protected contour (60 dBu) of WJVI by approximately 1 kilometer between the azimuths from 180°T to 191°T. This constitutes an acceptance defect.

Accordingly, in light of the above, application BPED-20130225ACA, being unacceptable for filing, IS HEREBY DISMISSED. This action is taken pursuant to 47 CFR Section 0.283.

Sincerely,

Rodolfo F. Bonacci
Assistant Chief
Audio Division
