Importance: High

Mohammed:

I just noticed that instead of sending an e-mail to you, I addressed the e-mail below to Hossein.

I hope that the STA request is now in order for a grant.

If you need anything more, please let me know.

Thanks.

Erwin

Mohammed:

Thank you very much for pointing out an error in the STA request.

Paragraphs 7.10 and 7.11 of the Tech Box is amended to specify maximum ERP toward the radio horizon

and the maximum ERP in any horizontal and vertical angle to 2.595 kW.

WDON-LP will be operating in the analog mode.

If you need any further information, please let me know.

Erwin

Hossein:

Attached is an Engineering STA request we filed this morning asking that WDON-LP be granted special

temporary authority to operate with 15% of power, effective tomorrow. We also paid the filing fee by credit card this morning.

As I mentioned to you by telephone yesterday, my client arranged for an engineer to work on the

transmitter power tomorrow. The engineer said that he could make an initial repair to enable the

currently silent station to resume operation with 15% of power.

My client and I apologize for making a last-minute request ... and of course, would be very appreciative if

you and members of your staff might be able to process the STA request on an expedited basis.

Thank you.

Erwin
