Re: Public Broadcasting of Colorado, Inc. (PBC)  
KCFC (AM), Boulder, Colorado  
Facility Identification Number: 70405  
Special Temporary Authority (STA)  
BESTA- 20130227ADW

Dear Counsel:

This is in reference to the request filed February 27, 2013, and the March 28, 2013, filing to update the justification for the request. PBC requests further extension of the STA granted on June 22, 2011, to operate Station KCFC with temporary facilities due to loss of the licensed site.<sup>1</sup> In support of the request, PBC states that it is considering all options (including purchasing station KXRE) to allow for the filing of an FCC Form 301 construction permit to relocate station KCFC.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

---

<sup>1</sup> KCFC is licensed for operation on 1490 kHz with 1 kW (daytime and nighttime), employing a nondirectional antenna (ND-1-U).

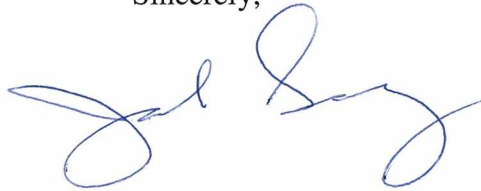

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station KCFC may continue to operate with the following facilities:

Transmitter site:	Existing tower of Station KVCU(AM), Boulder, Colorado
Geographic coordinates	39° 57' 53" N, 105° 14' 07" W (NAD 1927)
Frequency	1490 KHz
Hours of operation	Unlimited
Operating power	Not to exceed 0.32 kilowatt
Antenna type	Nondirectional
Radiator height	112.7° (63 meters)
Antenna efficiency	320.4 mV/m/km/kW
Overall height	65.7 meters
ASRN	1033690

It will be necessary to further reduce power or cease operation if complaints of interference are received. PBC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **October 1, 2013**.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Joseph Szczesny', with a stylized, cursive script.
