**Re: Notification of Operation with Reduced Power
KUTY(AM), Palmdale, California (FIN-22011)**

Dear Ms Dortch:

By this letter and pursuant to Section 73.1560(d) of the Commission's Rules, High Desert Broadcasting LLC ("High Desert"), licensee of KUTY(AM), Palmdale, California, is notifying the Commission that KUTY(AM) is currently operating at reduced power due to circumstances beyond its control.

On March 26, 2013 the transmitter for KUTY(AM) malfunctioned because of premature instability of transmitter tubes. The tubes have been stabilized by reducing operating power from the licensed 5 kW to 3.5 kW.

Replacement tubes are being ordered, and High Desert fully expects to return KUTY(AM) to its licensed operating power shortly. High Desert will notify the Commission again when full power is restored.

If there should be any questions regarding this matter, please contact the undersigned.

Very truly yours,

Alvin Souder
