Fac Id: 51493

Dear Applicant:

This refers to your attorney's letter dated April 30, 2013, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that KREN-TV has been having continuous problems with its main transmission system. These problems require that the station now reduce output power by approximately 50% in order to allow the station to continue to operate. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the repairs and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until November 1, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
