Dear Applicant:

This refers to your attorney's letter dated April 22, 2013, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that WRLH-TV's main antenna was damaged by a lightning strike on March 23, 2013. The station is currently operating with an emergency antenna, side-mounted on the existing tower structure. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the repairs and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until October 30, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
