Program Test Authority

Dear Applicant:

The staff has under consideration the request for program test authority and the license application filed March 22, 2013 to cover permit BPED-20091023AKY.

Authority IS HEREBY GRANTED to conduct program test operation in accordance with the terms and conditions of construction permit BPED-20091023AKY and the provisions of Section 73.1620 of the Commission's Rules.<sup>1</sup> Further action on your license application will be continued when compliance with Special Operating Condition No. 6 of the construction permit has been certified.<sup>2</sup> The maximum effective radiated power is 6.0 kilowatts. The transmitter power output is 1.7 kilowatts.

Sincerely,

Edna V. Prado  
Supervisory Engineer  
Audio Division  
Media Bureau

cc: Donald Martin

<sup>1</sup> See 47 C.F.R. § 73.1620.

<sup>2</sup> In accordance with Section 73.525(c) of the Commission's Rules, the permittee shall effectively install 776 filters on television receivers located within the predicted interference area within ninety (90) days after commencing program tests and, no later than forty five (45) days thereafter, provide TV channel six Station WUOA-DT, Tuscaloosa, AL with a certification containing sufficient information to permit verification of such installations.
