Fac Id: 47902

Dear Applicant:

This refers to your attorney's letter dated May 31, 2013, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that WFOR-TV holds a construction permit to replace its main antenna. In order to accomplish the new antenna installation, it must operate from a temporary antenna side mounted on the same tower until construction is completed. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the new antenna installation and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until December 4, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
