Dear Applicant:

This refers to your attorney's letter dated May 21, 2013, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that the station has been operating at 68% of its licensed power since May 11, 2013 because of the failure of four power supplies in the modular transmitter. You state that reduced power operations will continue to be necessary while the applicant is trying to complete the repairs and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until November 28, 2013 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
