RE: Special Temporary Authorization BESTA-20121203AQG / Return to Full Operating Power

Dear Sirs:

Currently, WVID is operating under a Special Temporary Authority (STA), File Number BESTA-20121203AQG, granted on December 10, 2012. The STA granted WVID temporary relief from 47 CFR 73.1560, Paragraph (b), as specified in the original STA request, to allow reduced power operation because of repairs required due to damaged parts on the transmitter.

This is to notify that all repair activities, tests and verifications were performed and completed successfully, and as required by 47 CFR 73.1560, we are informing the FCC that WVID is operating at full operating power (14.5 kW ERP) as of May 1st, 2013.

If there are any questions or comments, please do not hesitate to contact us at your convenience.

Sincerely,

Reynaldo J. Garcia
Technical & Compliance Manager
