In re: KVYL(FM), Mohave Valley, AZ
Facility ID No.164262
Big River Broadcasting, LLC
BPH-20130215ABX

Dear Applicant:

This letter refers to the above-captioned minor change application, as amended on April 15, 2013, to modify the antenna location, effective radiated power, antenna height, and KVYL's assignment from Channel 229A to Channel 229C3 via "one-step" procedures.

An engineering review of the application has revealed that the proposed assignment reference site fails to provide adequate city grade coverage as required by 47 C.F.R. § 73.315(a). Specifically, the assignment reference site fails to encompass 100% of the community of Mohave Valley, AZ using the 70 dBu reference distance for a maximum class station.¹ This violation constitutes an acceptance defect. Therefore, KVYL must specify a new assignment reference site that provides city grade coverage to 100% of Mohave Valley, AZ.

Pursuant to 47 C.F.R. § 73.3522, "... an applicant whose application is found to meet the minimum filing requirements but nevertheless is not complete and acceptable shall have the opportunity in the 30-day period specified in the FCC staff's deficiency letter to correct all deficiencies in the tenderability and acceptability of the underlying application, including any deficiency not specifically identified by the staff." Additionally, 47 C.F.R. § 73.3564 states that "[a]pplications with uncorrected tender and/or acceptance defects remaining after the opportunity for corrective amendment will be dismissed with no further opportunity for amendment." See Appendix B in the Report and Order in MM Docket No. 91-347. This letter constitutes your opportunity for corrective amendment pursuant to 47 C.F.R. § 73.3522.

¹ The 70 dBu contour for a maximum Class C3 25 kW ERP/100 m HAAT station using uniform terrain extends 23 km.

Further action on the subject application will be withheld for a period of thirty days from the date of this letter to provide the KVYL opportunity to respond. Failure to correct all tender and acceptance defects within the thirty days from the date of this letter will result in the dismissal of the application with no further opportunity for corrective amendment pursuant to 47 C.F.R. § 73.3564. Please note, any amendment must be submitted in the same manner as the original application.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rodolfo F. Bonacci". The signature is fluid and cursive, with a prominent initial "R" and a long horizontal stroke at the end.
