Dear Mr. Lash:

It is with great pleasure that I now announce the completion of the repairs on the WYCL AM Directional Array, FCC Facility #73308. The facility is now operating within licensed parameters.

In order to qualify for such an undertaking, I have attended both the Electronics program at the Mahoning County Career and Technical Center, and the Computer and Electronics Engineering Technology course at ITT Technical Institute. I also have over 13 years' experience in modeling, operating, maintaining, and repairing AM directional arrays.

Sincerely,

A handwritten signature in black ink, appearing to read "Ben Slagle".
