Dear Ms. Dortch:

Syracuse University ("University"), licensee of noncommercial educational FM station WAER, Syracuse, New York, by counsel and in accordance with Section 73.1560 of the Commission's rules, hereby notifies the Commission that WAER has been operating at reduced power since May 28, 2013, when it experienced problems with its transmitter. WAER is now operating at an effective radiated power of 6.5 kilowatts (combined FM exciter and HD transmission). The University is endeavoring to repair the transmitter, but if reduced power operation is required for a period exceeding 30 days it will file a request for special temporary authority.

Should any question arise concerning this matter, or if any additional information is required, please contact undersigned counsel.

Sincerely,
