Re: KAKT (FM), Phoenix, OR  
Mapleton License of Medford, LLC  
Facility Identification Number: 17573  
Special Temporary Authority (STA)  
BSTA-20131031AGM

Dear Counsel:

This is in reference to the request filed October 31, 2013, on behalf of Mapleton License of Medford, LLC ("MLM"). MLM explains that problems with KAKT's transmitter limit the power to approximately 75% of normal. Parts have been ordered. MLM requests an STA for reduced power operation until repairs can be completed.

Section 73.1560(d), which governs reduced power operation, states:

In the event it becomes technically impossible to operate at authorized power, a broadcast station may operate at reduced power for a period of not more than 30 days without specific authority from the FCC. If operation at reduced power will exceed 10 consecutive days, notification must be made to the FCC in Washington, DC, Attention: Audio Division (radio) or Video Division (television), Media Bureau, not later than the 10th day of the lower power operation. In the event that normal power is restored within the 30 day period, the licensee must notify the FCC of the date that normal operation was restored. If causes beyond the control of the licensee prevent restoration of the authorized power within 30 days, a request for Special Temporary Authority (see Section 73.1635) must be made to the FCC in Washington, DC for additional time as may be necessary.

Our review indicates that the request complies with Section 73.1560(d).

Accordingly, the request for STA IS HEREBY GRANTED. Station KAKT may continue to operate with reduced power. MLM must notify the Commission when licensed operation is restored. MLM must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **May 6, 2014**.

Sincerely,

A handwritten signature in black ink, appearing to read "Dale Bickel". The signature is written in a cursive, flowing style.

Dale Bickel  
Senior Engineer
