Construction Permit: BNP-20090323ACV
License Application: BL-20130830ATB
Program Test Authority

Dear Mr. Kelly:

This is in reference to the above-captioned license application to cover Construction Permit BNP-20090323ACV, along with your request for program test authority for station KCIK(AM). We note that you request for a waiver of 47 CFR § 73.1125 to operate the facility as a satellite of co-owned non-commercial educational AM station KSMH(AM), West Sacramento, California.

Hereby KCIK(AM) is granted non-commercial educational status and the request for waiver of Section 47 CFR §73.1125 is GRANTED. The applicant needs to abide by each representation proffered in the waiver request. In addition, a preliminary engineering study of the application reveals that all conditions set forth in Construction Permit BNP-20090323ACV have been met. Accordingly, authority is granted KCIK(AM) to conduct program test in accordance with 47CFR §73.1620 and the permit to operate on 740 kHz with a daytime and nighttime antenna power of 5.0 kilowatts (antenna current 15.73 amperes).

Sincerely,
