Fac Id: 69532

Dear Applicant:

This refers to your attorney's letter dated December 5, 2013, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that WFDC-TV experienced a problem with the station's transmission line. Accordingly, the station's capacity is limited to 50% of its authorized power until the repair of the damaged equipment. You state that reduced power operations will continue to be necessary while the applicant is trying to repair the failed system and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until June 11, 2014 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
