Re: Zimmer Radio, Inc. (ZRI)
KZYM (AM), Joplin, Missouri
Facility Identification Number: 407
Special Temporary Authority (STA)
BESTA- 20131126BVJ

Dear Mr. Jazzo:

This is in reference to the request filed on November 26, 2013. ZRI requests an extension of the STA granted on November 13, 2012, to operate Station KZYM with emergency antenna facilities pursuant to Section 73.1680.¹ In support of the request, ZRI states that the application (BP-20131029ADR) remains pending before the Commission, and additional time will be needed to allow for ZRI to prepare a covering license application after the permit has been found acceptable and granted.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA IS HEREBY GRANTED. Station KZYM may continue to operate with the following facilities:

Geographic coordinates: 37° 04' 34" N, 94° 32' 32" W, (NAD 27)
Frequency: 1230 kHz
Operating hours: Unlimited

¹ KZYM is licensed for non-directional operation on 1230 kHz with 1 kW(day and night) .

Operating power: Not to exceed 0.55 kW
Antenna: Existing tower - series fed
Radiator height: 181.4° (122.8 meters)
ASRN: 1002748

It will be necessary to further reduce power or cease operation if complaints of interference are received. ZRI must notify the Commission when licensed operation is restored.² ZRI must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **June 20, 2014**.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Joe S', with a large loop at the end.

Joseph Szczesny, Engineer
Audio Division
Media Bureau
