Re: James Crystal Licenses, LLC (JCL)

Facility ID Number: 67812
File Number: BP-20130620AAJ

Dear Mr. Hilliard:

This letter is in reference to the above-captioned minor change application filed by JCL to change site and reduce tower height for station WFLA(AM), and our November 22, 2013, letter requesting all red light fees be paid within 30 days to avoid a dismissal.

A review of our records indicates that JCL did not respond to our November 22, 2013, and did not pay all red light fees. Accordingly, pursuant to Section 0.283 of the Commission's rules, the application File Number: BP-20130620AAJ is hereby DISMISSED for failure to prosecute.¹

Sincerely,

Son Nguyen

¹ In the Public Notice entitled "Commission States Future Policy on Incomplete and Patently Defective AM and FM Construction Permit Applications", FCC 84-366, released August 2, 1984, the Commission indicated that it would reinstate applications nunc pro tunc where the original application was returned and where a relatively minor curative amendment was filed in conjunction with a petition for reconsideration within 30 days of the date of the dismissal. Any petition for reconsideration or electronic amendment filed later than 30 days will be returned as untimely. See 47 U.S.C. § 405, 47 C.F.R. § 1.106(f). In this regard, it should be emphasized that the above deficiencies were discerned after a preliminary study of the application. A detailed review was not made of the entire application to determine whether other deficiencies exist which would preclude acceptance for filing or result in a subsequent dismissal. Inasmuch as the applicant will not be afforded a second opportunity to correct another deficiency, I would urge that the applicant carefully review the entire application.
