Attachments: 2787_001.pdf

Mr. Bickel,

The STA application BSTA 20131212AFG for KBFB (FM) Dallas TX, can be "dismissed at applicant's request".

The master antenna that burned out last month has been repaired, and KBFB returned to normal operation last Friday.

I've attached the filing confirmation and reference copy of the STA application.

Best regards,
