Date: Thursday, February 06, 2014 7:03:58 AM

This e-mail is in regard to license application BMLH-20140205ACR for WCSJ-FM. Program test authority is requested for full power operation with the newly replaced directional antenna. I have reviewed the license application and related exhibits and find it to be acceptable for filing.

Consequently, by this e-mail, program test authority IS GRANTED to permit WCSJ-FM to operate at an effective radiated power of 6.0 kW ERP with the facilities specified in application BMLF-20140205ACR .

This authority is being sent by e-mail in lieu of a letter in order to get this authority to you as soon as possible. Please print a copy of it and keep it with the station's records. The grant of this program test authority will also be noted in the FCC's CDBS database.

If there are any questions, please contact me at 202-418-2706.
