Dear Applicant:

This refers to your attorney's letter dated February 28, 2014, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that problems with the cooling system have necessitated operations at approximately 50% of Authorized power. You state that reduced power operations will continue to be necessary while the applicant is trying to repair the failed system and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until September 4, 2014 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
