Re: Quantum of Brunswick License Company, LLC
WYNR(FM), Facility Id No. 57785
Waycross, Georgia
Request for Authority to Continue Operations with Emergency Antenna

Dear Ms. Dortch:

On behalf of Quantum of Brunswick License Company, LLC ("Quantum"), I am hereby respectfully requesting that Quantum be authorized to continue operation of WYNR(FM) with emergency facilities pursuant to Section 73.1680 of the Commission's rules.

WYNR(FM) shares facilities with WQGA(FM), Waycross, Georgia. The tower on which WYNR(FM) and WQGA(FM) are located was struck by lightning several months ago. A problem with the transmission line that apparently stems from that lightning strike has been preventing either station from operating at full licensed power. The tower climbers have now started replacing the transmission line on the licensed tower. In order to permit continued operation of WYNR(FM) while the replacement of the transmission line takes place, Quantum has commenced use of a single-bay antenna located at 31-11-52.0 N; 082-19-33.0 (NAD 83) (ASR No. 1019422). The antenna is being fed by a transmitter operating at approximately 500 watts and is located at approximately the 290 foot level of the tower.

As is noted above, the tower climbers have actually started replacing the transmission line on the licensed tower. The expectation is that the replacement of the transmission line should be completed within the week.

G A R V E Y S C H U B E R T B A R E R

Allowing Qantum to continue operating WYNR(FM) with the temporary facilities set forth above would be in the public interest inasmuch as it would permit Qantum to continue to provide service to the public while the damaged transmission line is being replaced.

The requisite anti-drug certification and filing fee of \$175.00 are enclosed herewith.

If you have any questions concerning this submission, please contact the undersigned directly.

Sincerely,

John M. Pelkey
