Dear Applicant:

This refers to your attorney's letter dated March 14, 2014, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that on March 5, 2014 KBVO suffered failure of one of two IOT tubes in the final power amplifier of its transmitter. Additionally, other components were damaged needing replacement. You state that reduced power operations will continue to be necessary while the applicant is trying to repair the failed system and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until September 18, 2014 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".
