Dear Licensee:

This is with respect to the above-referenced TV translator stations. On March 20, 2014, the staff dismissed the extension application requests for the above construction permits because they were untimely filed. The permittee have filed a further petition for reconsideration of the staff action along with license applications to cover the above construction permits.

For the reasons set forth in the petition for reconsideration, the extension application requests for the above-referenced TV translator stations authorized to TV Red de Puerto Rico, Inc are HEREBY REINSTATED.

Sincerely,

Hossein Hashemzadeh Deputy Chief, Video Division Media Bureau
