Re: KOKC (AM), Oklahoma City, OK (FCC Facility ID No. 73981);  
Notice of Operations at Reduced Power

Dear Madam Secretary:

On behalf of our client, Tyler Media, LLC, the Licensee of AM Broadcast Station KOKC (AM), Oklahoma City, Oklahoma ("Station"), we hereby give notice that the Station is operating at the reduced daytime power of 20 kW. The current Nautel transmitter is being serviced by the manufacturer and the reduction in power is necessary to take certain system tests. The Licensee expects to have the Station back up to 50 kW within the next 30 days, but in the event it takes more time, a formal request for Special Temporary Authority will be submitted.

If you have any questions, please do not hesitate to contact our office.

Very truly yours,

John C. Trent
