Dear Applicant:

This letter is in reference to KAOX's request for program test authority ("PTA") filed December 09, 2013, and the simultaneously filed application for license to cover Construction Permit BPH-20080331AKT.

A review of KAOX's request for PTA reveals that the facilities were constructed pursuant to the terms and conditions of Construction Permit BPH-20080331AKT, and the provisions of 47 C.F.R. § 73.1620. Accordingly, Program Test Authority IS HEREBY GRANTED to commence operation pending further action on KAOX's license application. The effective radiated power is 100 kilowatts (H&V) and the transmitter power output is 25.5 kilowatts.

Sincerely,

Rodolfo F. Bonacci
