In re: KQLF(FM), Ottumwa, IA
Facility ID No.: 85844
Sound in Spirit Broadcasting, Inc.
BPED-20140327ADC

Dear Applicant:

The staff has under consideration the above-captioned minor change non-commercial educational construction permit application filed to modify the broadcast facilities of KQLF(FM).

An engineering review of the application reveals that it is in violation of 47 C.F.R. Section 73.509 with respect to the co-channel Class A license (BLED-261) of FM Station, KDPS(FM), Des Moines, IA. Specifically, the application's proposed interfering contour (40 dBu) would cause prohibited overlap to the protected contour (60 dBu) of KDPS by approximately 1 kilometer between the azimuths of 307°T to 310°T. This constitutes an acceptance defect.

Accordingly, in light of the above, application BPED-20140327ADC, being unacceptable for filing, IS HEREBY DISMISSED. This action is taken pursuant to 47 CFR Section 0.283.

Sincerely,

Rodolfo F. Bonacci
Assistant Chief
Audio Division
Media Bureau
