Re: KOIN-TV
BDSTA-20140408AAK
Portland, OR
Fac Id: 35380

Dear Applicant:

This refers to your attorney's letter dated April 8, 2014, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that KOIN (TV) requests to replace the current intermittent temporary antenna facilities (0.99kW) with 2.45 kW ERP. The proposed replacement intermittent temporary antenna request operations are located on the same tower as KOIN(TV)'s authorized facilities, completely within the contour of KOIN's authorized operations and will occur on the same channel only while KOIN (TV)'s main antenna is powered off for repair. You state that reduced power operations will continue to be necessary while the applicant is trying to repair the failed system and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until November 14, 2014 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding".

Kevin R. Harding
