Re: Radio License Holding CBC, LLC (RLH)
KKOH(AM), Reno, Nevada
Facility Identification Number: 11236
Special Temporary Authority (STA)
BESTA-20140423AAX

Dear Mr. Lipp:

This is in reference to the request filed on April 23, 2014. RLH requests a second extension of the STA originally granted on March 7, 2013, to operate station KKOH(AM) with parameters at variance from licensed values and/or reduced power while maintaining monitor points within license limits.¹ In support of the request, we note that RLH filed a license application in February (BMML-20140206AJY) which remains on hold awaiting a curative amendment.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station

¹ KKOH(AM) is licensed for operation on 780 kHz with 50 kW ND day and DA night.

KKOH(AM) may continue to operate with parameters at variance from licensed values and/or reduced power while maintaining monitor points within licensed limits. It will be necessary to further reduce power or cease operation if complaints of interference are received. RLH must notify the Commission when licensed operation is restored.² RLH must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. We anticipate that the license application will be amended and granted before the expiration date shown below.

This authority expires on **July 21, 2014**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a cursive 'S' and a trailing flourish.

Joseph Szczesny, Engineer
