Dear Hossein,

Please dismiss the Engineering STA for K50LV-D, FID 182807.
According to the email below it was too early to file STA. A new STA will be filed in the beginning of October.

Hopefully I didn't cause a problem, I misunderstood and deleted the form. What can I do to correct this error?

Blessings,

I just received a call from Mohammad Habib at the FCC about the STA we filed. Since

the current STA is valid 8 April - 8 October 2014, he said it was too early to file again. If we didn't pay anything for the STA, then just dismiss it and file again at the end of September or beginning of October. If we paid something, we need to let him know and he will discuss it with Hossein to see how to resolve it.

Please let me know so I can pass the word on to Mohammad.

Thanks,

Dan
