**Re: Resumption of Full Power Operation
KAVL(AM), Lancaster, California (FIN-02318)**

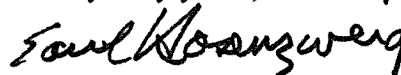

Dear Ms Dortch:

On behalf of RZ Radio LLC ("RZ Radio"), licensee of KAVL(AM), Lancaster, California, this letter serves to notify the Commission that KAVL(AM) has returned to its full power operation consistent with its station license.

On June 3, 2014, RZ Radio notified the FCC that because of a transmitter malfunction the station was forced to operate at reduced power both day and night. RZ Radio has since replaced the damaged transmitter components, and the station is again operating at the licensed daytime power of 4.9 kW and the licensed nighttime power of 4.0 kW. The daytime and nighttime monitoring points are also within their required limits.

If there should be any questions regarding this matter, please contact the undersigned.

Very truly yours,

Saul Rosenzweig
