Re: Yavapai Broadcasting Corporation (YBC)
KVNA (AM), Flagstaff, Arizona
Facility Identification Number: 68567
Special Temporary Authority (STA)
BESTA-20140702ABS

Dear Ms. McClure:

This is in reference to the request filed on July 2, 2014. YBC requests a further extension of the STA originally granted on March 17, 2006, to operate Station KVNA with emergency antenna facilities pursuant to Section 73.1680 (due to loss of the licensed site).¹ In support of the request, YBC states that additional time is needed to file an FCC Form 301 application to propose a new site facility using an existing tower.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for STA IS HEREBY GRANTED. Station KVNA may continue to operate with the following facilities:

¹ KVNA is licensed for ND operation on 600 kHz with 1 kW day and 0.048 kW night.

Geographic coordinates: 35° 13' 43" N, 111° 34' 05" W (NAD 1927)
Frequency: 600kHz
Hours of operation: Unlimited
Operating power: Not to exceed 1 kW daytime, 0.048 kW nighttime
Antenna: Long wire

It will be necessary to reduce power or cease operation if complaints of interference are received. YBC must notify the Commission when licensed operation is restored.² YBC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commissions exposure guidelines. See 47 CFR § 1.1310. We anticipate that YBC will file an acceptable FCC Form 301 application before the expiration date shown below to verify substantial forward progress has been made.

This authority expires on **December 31, 2014.**

Sincerely,

Joseph Szczesny, Engineer
Audio Division
Media Bureau

cc: W. Grant Hafley, YBC
