Dear Applicant:

This refers to your attorney's letter dated July 28, 2014, for special temporary authority (STA) to operate at reduced effective radiated power (ERP). You indicate that on July 23, 2014 KIMT had a tube failure in its main transmitter, reducing power to 50% by only being able to operate with one of the two IOT tubes. You state that reduced power operations will continue to be necessary while the applicant is trying to repair the equipment and restore full power operation.

In light of the above, special temporary authority pursuant to Sections 73.1560(d) and 73.1635 of the Commission's Rules until February 1, 2015 IS GRANTED.

We wish to point out that an extension of this request must include detailed reasons and a description of efforts being taken to return the station to full power operation.

Sincerely,

A handwritten signature in blue ink that reads "Kevin R. Harding". The signature is fluid and cursive, with the first name "Kevin" being the most prominent.
