In re: WJZZ(FM), North Salem, NY  
Facility ID No.: 175564  
Vineyard Public Radio, Inc.  
BPED-20140804AAO

Dear Applicant:

The staff has under consideration the above-captioned minor change non-commercial educational construction permit application filed to modify the broadcast facilities of WJZZ(FM).

An engineering review of the application reveals that it is in violation of 47 C.F.R. Section 73.509 with respect to the co-channel Class A license (BLED-19950306KD) of FM Station, WXHD(FM), Mount Hope, NY. Specifically, the application's proposed protected contour (60 dBu) would receive prohibited overlap from WXHD's interfering contour (40 dBu) by approximately 1.20 kilometers between the azimuths from 213°T to 305°T. This constitutes an acceptance defect.

Accordingly, in light of the above, application BPED-20140804AAO, being unacceptable for filing, IS HEREBY DISMISSED. This action is taken pursuant to 47 CFR Section 0.283.

Sincerely,

Rodolfo F. Bonacci
