In re: Low Power Television Application of:
Landover 2 LLC
Channel 32, Magdalena, NM
File number: BNPDTL-20100513AEC
Facility Id No.: 186700

Dear Applicant:

This refers to your above-captioned application for a construction permit authorization in the low power television service and the Commission letter dated August 6, 2013.

The Commission letter dated August 6, 2013, informed you that because your proposed transmitter site is in close proximity to the Mexican border, coordination with the Government of Mexico was mandatory as prescribed by the Mexican USA Television Agreement. As a result of this coordination, the Mexican Department of Communications has informed the Commission that it would object to the grant of your proposed facility, because it would cause interference to channel 32, Juarez, Chih, Cd. The letter also required you to electronically amend your application to resolve these specified problems within **(30)** days of the date of the Commission letter. You did not respond to the Commission letter.

Accordingly, your application, file number BNPDTL-20100513AEC IS HEREBY DISMISSED.

Sincerely

Hossein Hashemzadeh
Deputy Chief
Video Division
